

**Product Code . EL-EELE-11265**

## **Air Cooled Transformer**

### **Description**

---

#### **Air Cooled Transformer**

Features:-

- Copper coils are wound with perfect tapings on the both secondary and primary sides.
- For the primary and secondary insulated terminals are marked for the identifications of different connections.
- Air cooled transformer made up of CRGO grade laminated core of silicon stamping used.
- For the high insulation strength, primary and secondary coils are impregnated in vacuum pressure.
- Available in MS powder coated box for rust proof

We are leading manufacturers, suppliers of Air Cooled Transformer for Electronics Engineering Lab Equipments. Contact us to get high quality Air Cooled Transformer for Electronics Engineering Lab Equipments for schools, colleges, universities, research labs, laboratories and various industries.
